Facts about Uganda

Religion: Protestant 45.1%, Roman Catholic 39.3%, Muslim 13.7%, other 1.6%, none 0.2% (2014 est.)

Blessings

"We arrived safely with all of our bags on March 3, in Austin, Texas, at our home church. After picking up our vehicles, getting over jet lag, purchasing insurance, and making more than a few stops at clothing stores, we set out on the furlough trail a week later with our first missions conference. We covet your prayers for our safety as we travel. We will be in California during May and June and are looking forward to touching base with our faithful supporters as well as seeing our son, Stanley, who is graduating from Bible College."

Lines from Their Last Prayer Letter

"Many have asked about the situation in Uganda. It is much stricter there as far as the lockdown is concerned. At the time of this writing, in a country of 42 million, Uganda has had just 75 confirmed cases of COVID-19 and no deaths. Praise the Lord! With people restricted to their homes and no one going out to church, we have offered church by way of radio and many are listening. People are calling the station wanting to know more about our church and what we believe. Pray that Word of Life Radio will have an influence in our community with the gospel of Jesus Christ. In our listening range, we have the ability to reach over 1 million people with the good news of Jesus Christ 24/7. Though there have been no deaths in Uganda from COVID-19, people are having a hard time getting food and the necessities of life. Pray for our people that their trust in God will carry them through this situation."
